TRUCK SAFETY SCREENS

TRUCK SAFETY SOLUTIONS

3 meters

2.5 meters

3 M x 2.5 M SAFETY SCREEN KIT
 Standard screen configuration designed for safe movement and reliable edge protection during loading operations.

LOCKABLE CHAINS
 Integrated chains anchor the barrier to trailers to stop gaps or movement.

SWIVEL LOCKABLE WHEELS
 Heavy-duty castors enable quick positioning around trucks and loading zones, with lockable wheels ensuring stability and preventing movement in high-traffic areas.
